

CORPORATE LOCKERS | RESIDENTIAL LOCKERS | CUSTOMIZABLE LOCKERS

High quality lockers with elegant design and intelligent software

SAVVIVA INTEGRATED SERVICE SOLUTION

Savviva is the market leader in corporate and residential concierge services in Belgium. Every day we strive for innovation and perfection. With Smart Locker, we respond to the needs of our customers: An elegant and integrated locker solution for service exchange in combination with our Smart or Mobile Concierge solutions.

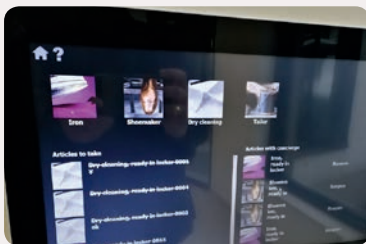

SMART AND SECURE TECHNOLOGY

Our lockers are designed with high quality materials, secured by patented electronic locks, and managed through backend service software. Multiple authentication options by PIN, smart phone, RFID, barcode or fingerprint. The user-friendly locker software is designed according to your specifications in functionality and brand.

COST EFFICIENT, LEASE OR BUY

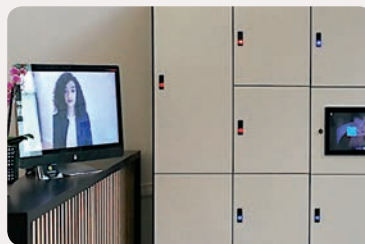

Your business or residence requires cost efficient purchasing options. Savviva offers the Smart Lockers to buy or lease, with and without integrated concierge services. We handle everything from service and maintenance to upgrades and the locker systems can be easily expanded in form and size to match your needs in different locations.
