

High quality reception and concierge services over distance

A UNIQUE PERSONAL SERVICE EXPERIENCE

Savviva is the market leader in corporate and residential concierge services in Belgium. Every day we strive for innovation and perfection. With Smart Concierge, we respond to the needs of our customers: Professional, secure and cost-efficient high-quality service delivered over distance creating a unique personal service experience.

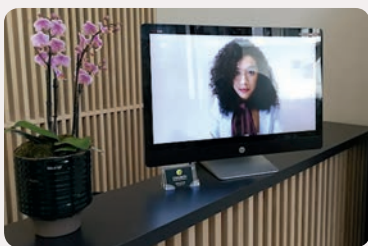

SMART AND SECURE TECHNOLOGY

Patented technology with a live-size person and aligned eye-contact allows high-quality, instant and natural client interactions with zero video and audio latency - incomparable to mainstream video applications. We implement your full reception process over distance, from registration and document exchange, to info kiosks via pre-recorded avatars.

COST EFFICIENT, SCALABLE OPERATIONS

A smart concierge is a cost efficient and scalable service solution for residences, corporations and facility management companies. One smart receptionist serves multiple buildings any time, at any place. Combined with our experienced and dedicated concierge team we are able to instantly respond to your clients every wish.
